

SUTTER CREEK'S NEW "GOLD MINING HISTORY PARK"

HELP MAKE THIS HISTORY PARK A REALITY
DONATE TODAY!

The Sutter Creek Community Benefit Foundation, along with the City of Sutter Creek, has designed a new park at the south end of Sutter Creek. This park will display actual mining artifacts used in our local mines. There will also be informative plaques to describe how this equipment was used in the gold mines that made Sutter Creek and Amador County famous as the "Mother Lode" of the California Gold Rush era.

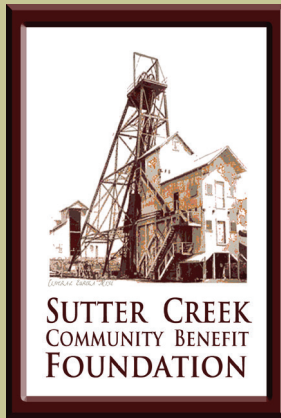

The new park and gold mining display will be the first of its kind in the Amador County area. The Sutter Creek Community Benefit Foundation is hoping anyone interested in preserving our history will help in funding this project. The park, which will depict the rich history of our area, will be seen and enjoyed for generations to come.
